THE BEST FOIL BREAD BAGS FROM HELLOPAK

Among our clients there are small family businesses as well as international groups. We offer even short series from 30.000 pcs per design.

Our designers provide graphic services for our clients. During production we apply materials allowing for freezing up to -30 degrees and pasteurization up to + 130 degrees.

We make designs printed up to 8 colours.

At present we are exporting our packages to more than 10 countries in Europe and we are going to continue developing export.

We cooperate with logistic companies, which provide quick and cheap delivery in Europe.

We only deal with **foil bread bags**. Therefore we offer a **high quality product at attractive prices**. For 17 years we have been learning requirements from our clients and offering "**tailored**" solutions.

We take care of a project from the moment of its creation till sending a ready package. We understand what is a mutual respect and **we pay due attention to each problem of the client**.

It is our mission to provide our clients with full safety.

We have introduced a certified system ISO 22000 and HACCP Codex Alimentarius Commission: CAA/RCP1, REV. 4 (2003) - and Environmental management systems ISO 14001:2014
